Hi Lara,

EGLE has reviewed the revised workplan. The workplan is approved.

Please keep EGLE informed of the various stages of field data collection as EGLE staff may want to be present for observation.

Kent.

Hi Lara,

I've taken a look at the work plan and have some questions and comments that may be easier to discuss and address over a Teams call. The timing of this email isn't great as I will be out all next week, but I am available tomorrow morning if you would like to discuss. Otherwise we would have to look to schedule something after the July 4th.

Kent.
