

Notice of Initiating Assessment of Corrective Measures
40 CFR §257.95(g)(3)(i) and §257.95(g)(5)
GRAND HAVEN BOARD OF LIGHT AND POWER
J.B. Sims Generating Station
Unit 1/2 and Unit 3 Bottom Ash Ponds East (A) and West (B)

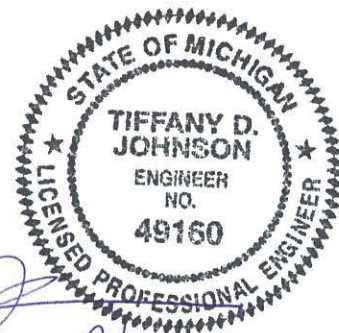

Pursuant to 40 CFR §257.95(g)(3)(i) and §257.95(g)(5), this serves as notice that an assessment of corrective measures has been initiated at the Grand Haven Board of Light and Power (Grand Haven BLP) J.B. Sims Generating Station Unit 1/2 and Unit 3 Bottom Ash Ponds East (A) and West (B) located on the southwestern portion of Harbor Island in Grand Haven, Michigan, and designated as Unit 3 Bottom Ash Ponds East (A) and West (B). An assessment of corrective measures is being initiated based on groundwater quality data for applicable Appendix IV constituents as documented in the Annual Groundwater Monitoring and Corrective Action Report that was placed in the facility's operating record on January 31, 2019. Grand Haven BLP will complete assessment or corrective measures activities as required in 40 CFR §257.96 and §257.97 for Unit 1/2 and Unit 3 Bottom Ash Ponds East (A) and West (B).
